

DESCRIPTION

The SmartLED Ksix Phenomena ceiling light will brighten your home with style and versatility. Thanks to its CCT white shade control you can adapt the lightning according to your preferences and needs. It is compatible with the Tuya Smart app, from which you can controll all its features no matter where you are. In addition, it is compatible with voice assistants such as Alexa and Google Assistant. The Ksix Phenomena ceiling light is the perfect option to illuminate all your spaces.

CCT white control: from cool to warm

The Ksix Phenomena LED ceiling light is equipped with CCT white shade control. You will be able to switch from a 3.000K warm temperature to a cool 6.000K in a matter of seconds. Thanks to its 5.850 modular lumens you can illuminate every corner of your room. It allows you to adjust the brightness to suit your needs and preferences depending on the occasion.

Full control with Tuya Smart

The Phenomena is compatible with the Tuya Smart app, from which you can control all its functionalities. From the selection of white temperatures to the setting of timers. It is compatible with voice assistants such as Alexa and Google Assistant, so you can control the lightning using your voice. Its Bluetooth 4.2 connectivity offers a stable connection, and its WiFi connectivity will let you control its functionalities no matter where you are. And if you run out of battery or don't have your phone at hand, don't worry, the ceiling light includes a remote control to control the lightning.

Unique minimalist design

The Ksix Phenomena has a unique dual design with dimensions of 45 x 45 centimeters and 10 centimeters thick that will give a different feel to the place where you install it. In addition, it offers a lifespan of 20.000 hours, so it will be your loyal lighting companion for many years to come.
